

GCSE COURSE OUTLINE

Unit 1 - Key Developments in US Film

A comparative study of a range of US Hollywood films exploring:

- Genre, narrative and representation
- Key developments in film technology
- Specialist writing

Students will be required to watch the full length of a minimum of three films within the classroom.

Unit 2 - Global Film

Students will study three international films analyzing:

- Cinematography, mise en scene, editing and sound
- Context of film (social, historical, cultural and political)

Unit 3 - Film Production Exploring Genre

Students create and evaluate their own two minute film opening or key sequence from a new genre based film.

OTHER INFORMATION

WJEC GCSE Film Studies. www.WJEC.co.uk

All students studying film studies will be provided with the latest filming and editing equipment.

Students will be expected to complete any assignments, filming and editing tasks by set deadlines.

All work produced by pupils MUST be in an electronic format so access to a computer would be of benefit.

Contact with the course leader can be made at any time through the VLE. Please direct questions to aburns@samuelward.co.uk

Film Studies has a FANTASTIC ICT provision, with two dedicated suites of Mac's all with industry standard software. Cameras are fully HD and we have an excellent screening room with HD projector and surround sound.
