

Context 1 & 2: Social Issues & Trends

In the context of television students exchange views, argue a case and discuss pros and cons. Students tackle longer listening texts, reading passages and revise basic grammar structures. Students make and counter controversial statements concerning advertising. Students analyze and give reasons.

Context 3 & 4: Political & Artistic Culture

Students understand changing trending in cinema going; discuss different ways of viewing a film, explain figures and statistics. Students describe a film they have seen recently. Students explore trends in music and explore the relationship between music, fashion personality by giving and justifying opinions.
